ERRATUM

There was an error in the caption of Figure 1 in the article, "Strategy Use Mediates the Relationship Between Control Beliefs and Memory Performance for Middle-Aged and Older Adults," by Margie Lachman and Carrie Andreoletti, which was published in the March 2006 issue. The corrected caption and figure are printed below.

Figure 1. Final path model, with education and age allowed to covary. All variables are observed and measurement error terms are not shown (all paths significant at $p < .05$). Thin solid; dashed; bold solid; and dashed–dotted lines indicate that the path is significant for all age groups; young adults only; middle-aged and older adults only; and older adults only, respectively.
